DETAILED ACTION

Acknowledgment is made of the amendment received on 8/24/04. Claims 21-26 are currently pending.

Allowable Subject Matter

1. Claims 21-26 are allowed.
2. The following is an examiner's statement of reasons for allowance: although prior art including Koenck et al. (US 5,680,633) teach a method of delivering a message from a mobile sender to a mobile recipient having the steps of compiling a message and transmitting the message over a wireless link, the prior art of record, fails to teach, or fairly suggest either alone or in combination thereof, a method having the step of enabling the mobile sender to collect data for reviewing on the display, including prompting the mobile sender to operate the terminal and manually enter data in some of the data entry fields of the specified interface, and actuating the reader to capture information from the indicia to automatically enter data in other data entry fields of the specified interface, to compile a message.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2876

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Koenck et al. (US 5,680,633) teach a modular, portable data processing terminal for use in a radio frequency communication.
